

PRELIMINARY PROGRAM

TOPICS

- Genital reconstruction in bladder exstrophy
- Posterior Hypospadias surgery
- Timing of urethroplasty
- Redo-surgery in male urogenital reconstruction
- Tips and tricks of complex urethroplasty
- Carmen Piró lecture: State of art in urethroplasty
- One or two surgical steps for urethroplasty?
- Case reports of the audience

LIVE & PRE-RECORDED SURGERY

- case 1: Genital reconstruction in bladder exstrophy
- case 2: Posterior hypospadias
- case 3: Redo-surgery: cripple

SPEAKERS

Dr. Rafael Gosalbez (Miami)
Dr. Alaa El Ghoneimi (Paris)
Dr. Rados Djinovic (Serbia)
Dr. Pierre Mouriquand (Lyon)

CASE REPORTS

All attendees who are interested in presenting a complex case of male urogenital reconstruction for discussion please send a summary to the following e-mail address urogenitalsurgeryvh@gmail.com

REGISTRATION

Registration Early bird fee	290€
Late registration fee (after March the 1st)	330€

Registration fee includes: Access to the scientific sessions and two days of live surgery, two lunches, coffee breaks, course materials (scientific program and certificate of attendance).

Registrations must be made through the website <http://aulavhebron.net/> (future courses section).

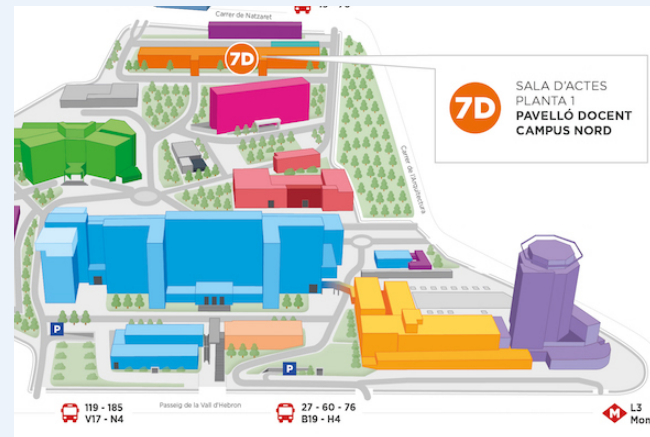

For cancellations made before 15th March 85% of the registration fee will be refunded. After that date, no refund will be made.

LANGUAGE

The conference language will be English.

2nd Workshop in Pediatric Urogenital Reconstructive Surgery: Complex male urogenital reconstruction

7th-8th May 2020
BARCELONA (SPAIN)

Course Direction:
Department of Pediatric Surgery
Pediatric Urology Unit

INTRODUCTION.

Male urogenital surgery is a field of great interest in pediatric urology. Our center has performed genital reconstruction surgery since Rafael Gosalbes Jordà founded our Pediatric Urology Unit. Therefore it's a privilege for us to invite you to participate in this second **Workshop in Pediatric Urogenital Reconstructive Surgery.**

In this second edition we will focus on complex male urogenital reconstruction: Hypospadias redo-surgery, posterior hypospadias and reconstruction of complex malformations such as bladder exstrophy.

The course is composed of theoretical and practical modules. There will be live and pre-recorded surgery. Latest knowledge, surgical experiences and advice shared through theoretical sessions and round tables complete this course.

COURSE OBJECTIVES.

- Cover a broad spectrum of surgical technique for complex male urogenital reconstruction
- Allow discussion between faculty and attendees
- Provide adequate indications to surgical treatment and reinterventions
- Discuss postoperative complications

THURSDAY 7TH MAY

- 08:00-08:15 Accreditation
- 08:15-08:30 Course opening
Dr. Manuel Lopez and Dr. Marino Asensio
- 08:30-09:00 Timing of urethroplasty surgery
Dr. Alaa el Ghoneimi
- 09:00-09:10 Case presentation 1-Posterior hypospadias
Dra. Gloria Royo
- 09:10-13:00 **LIVE SURGERY: CASE 1** 
Dr. Rafael Gosálbez
- * An hour coffee break is scheduled at 10:00h*
- 13:00-14:00 LUNCH
- 14:00-14:20 Tips and tricks of complex urethroplasty
Dr. Pierre Mouriquand
- 14:20-14:25 Case presentation 2- Complex hypospadias
Dr. Marino Asensio
- 14:25-18:00 **LIVE SURGERY: CASE 2** 
Dr. Rados Djinovic

FRIDAY 8TH MAY

- 08:30-09:00 Genital reconstruction in bladder exstrophy
Dr. Rados Djinovic
- 09:00-09:10 Case presentation 3: Genital reconstruction in bladder exstrophy
Dra. Romy Gander
- 09:10-13:00 **LIVE SURGERY: CASE 3** 
Dr. Rafael Gosálbez
- * An hour coffee break is scheduled at 10:00h*
- 13:00-14:00 LUNCH
- 15:00 -15:25 Redo-surgery in male urogenital reconstruction
Dr. Rados Djinovic
- 15:25-15:50 Preoperative assessment and stimulation in proximal hypospadias
Dr. Pierre Mouriquand
- 15:50-16:20 Carmen Piró lecture: State of art in urethroplasty
Dr. Alaa el Ghoneimi
- 16:20- 17:00 **ROUND TABLE:** Posterior Hypospadias surgery - One or two surgical steps for urethroplasty?
Dr. Gosálbez, Dr, Rados Djinovic, Dr. Alaa el Ghoneimi, Dr. Pierre Mouriquand
- 17:00-17:45 My worst complication
Dr. Gosálbez, Dr, Rados Djinovic, Dr. Alaa el Ghoneimi, Dr. Pierre Mouriquand
- 17:45-18:00 To take home
